

Practice Test

220-802 CompTIA A+ Domain 3 Mobile Devices

Brought to you by RMRoberts.com

The Domain 3 Mobile Devices make up approximately 9 percent of the overall test. Many of the questions are similar to other areas such as laptops or networking. There is sure to be some overlapping technologies on the real test. You need to get at least 7 out of 9 correct to feel confident about taking the real exam.
